NO. 23

Thomas Out for Congress.

Claude M. Thomas, ex-Senator from the Montgomery, Clark and Bourbon district, has announced a candidate for Congress in this district. In our editorial columns we state that he has not announced, but this page was printed yesterday before his announcement appeared in the afternoon papers. His card follows:

"To the Democrats of the Seventh Congressional District:

"I hereby announce myself a candidate for your nomination as Representative in Congress, subject to the action you shall take in the August primary.

"I make this announcement at the request of Democrats of each of the twelve counties having a voice in the decision of the matter, and make it believing that a large majority of the Democrats of this district, dependent as we are upon agriculture, desire to be represented in Washington by one who will interpret their wishes and further their interests in all matters affected by Congressional action.

"I make it secondly, because I believe the foremost and supreme question in our domestic politics is the control of the saloon and liquor business, and that the Democrats of this district are ambitious for representation that would have supported the Webb-Kenyon bill, and that will, beyond doubt or question, labor and vote to maintain it upon the statutes. That there may be no doubt as to my position upon this and kindred matters I wish every Democrat to know in advance of his casting a vote for me that I am opposed to everything for which the saloon stands. If you nominate and elect me as your Representative I pledge every possible effort to render you a faithful service.

"Respectfully,

"CLAUDE THOMAS.

The Cause of Divorces.

The records of the Louisville Circuit Court show that 90% of the divorce cases brought there are from runaway marriages, where the ceremony is performed in Jeffersonville, the place of note for runaway marriages. This proves the folly of elopements for premature marriages of the younger people. The old proverb "think twice before you act" will most often apply to young people who have nothing in mind but to get married. They generally act twice before they have time to think once.

Pardon for Youtsey.

Petitions are being circulated in every county in the State calling upon Governor McCreary to pardon Henry E. Youtsey for his part of the murder of Governor Goebel. Youtsey has served thirteen years in the pen, and is the only one of the accused that has not been pardoned. Mrs. Kate Brown, of Frankfort, is working up the case. Many Legislators have signed the petition and so have many of the most prominent men of the State.

Climbing up a Little.

The State Board of Equalization, which has just concluded its labors for the year, fixed the value of all property in Kentucky subject to assessment by county assessors at \$864,273,838, which is \$12,102,633 greater than for 1913 and \$18,428,215 more than the valuation for the current year as returned by the county assessors.

Let Us Do Likewise.

A large stone crusher arrived here Tuesday and went to work on the farm of George Berger near town. The stone will be crushed very fine and used on the land for fertilizer. It is said that many of our farmers are arranging to follow this plan. It will restore worn-out and tired land quicker than anything else. —Falmouth Outlook.

"And now for Powell county to vote the necessary bonds to get State Aid and build those pikes we have been needing for years. Let us show the counties that have been voting down their bonds how to do the right thing at the right time.

Our roads are good now, except that the surface is still a little irregular from being cut up in ruts and chug holes. They are solid from the continued dry spell of three weeks. "It's an ill wind that blows nobody good."

Hon. and Mrs. H. Green Garrett have announced the engagement of their daughter, Winnie Garrett, to Charles Edwin Lyman, Jr., of Minneapolis, Minn., formerly of New London, Conn. The wedding will take place in the fall.

Estill county will contract for an addition to the Court House at Irvine. The addition will be two stories high and consist of toilets on the first floor and jury and consultation rooms on the second floor.

On account of the repair work being done on the Methodist church, the regular meeting services will be conducted by the Rev. Judge L. F. Mann at the Christian church the coming Sunday.

Industrious Old Ladies.

Mr. and Mrs. Ben Walters, Mr. and Mrs. J. L. Carpenter and Mr. and Mrs. S. M. Tipton spent last Sunday with Mrs. Samuel Walters, of Union Hall. Mrs. Walters, who is past seventy years of age, lives with her mother, Mrs. Matilda Pickett, who claims she is only 96 years old. She cooked the dinner with the assistance of her daughter, for about twenty persons, representing five generations. Mrs. Walters has upwards of thirty-five great-grandchildren, and Mrs. Pickett has something like two hundred great-great-grandchildren. The two old ladies make their own living on their little mountain farm, raising chickens, attending their milk cows and garden. —Irvine Tribune.

Game Wardens on the Job.

State Game Wardens made a raid of 190 miles of the lower Kentucky river last week. The officers confiscated twenty-six hoop and wing nets and seven fish boxes. We hope to see the Wardens make a raid of Red River next, though the laws have been violated less this Spring than usual. But very little complaints of dynamiters have been made.

Need Laborers.

Appeals have been sent out for 82,000 more laborers to help harvest the great wheat crops of Missouri, Kansas and Oklahoma. And yet there are many complaining against the administration, the idle labor, and the high cost of living while great crops that would reduce the cost of living, must suffer loss for want of laborers.

Senator Camden.

Governor McCreary has announced that he will appoint Johnson N. Camden, of Woodford county, U. S. Senator to succeed W. O. Bradley, deceased. Mr. Camden is one of our favorites and he will likely be the nominee for U. S. Senator this fall for the short term.

George Gravett, of Normal, Ill., is here on a visit to relatives. Mr. Gravett reports the large Kentucky population of McLean county as well and in good spirits so far as he can learn, though he said the drought there was worse than here. Mr. Gravett has been living in Illinois now for seven years.

The Globe Fertilizer Co., of Louisville, sustained a loss of more than \$200,000 by fire Monday. The loss was fully covered by insurance and all in companies that have recently withdrawn from the State on account of the recent insurance laws passed by the Legislature.

N. G. Feathers, representing the Old Virginia Nursery Co., was in the city Monday. See his announcement on the last page of this paper.

We are selling the new Royal Sewing Machine, prices from \$20.00 up. 10 year guaranty.

STANTON NEWS.

Mr. J. H. Stamper, of Winchester, was here on business one day last week.

Mr. J. B. Rogers, of Rogers' Chapel, was in town on business one day last week.

Mrs. J. D. Atkinson and Mrs. E. H. Fuller were shopping in Lexington last week.

Dr. Johnson was called to Dundee one day last week to see Mrs. Day, who is quite sick.

Miss Anna Prewitt, of Winchester, is visiting at the home of her sister, Mrs. Fred Blackburn.

Mrs. Fred Ware, of Hardwick's Creek, is visiting at the home of her parents, Mr. and Mrs. Ide Boone.

Mr. Newt Kirkpatrick has moved into the house of J. D. Atkinson across from the Presbyterian church.

Jonett Boone, who is working in Louisville, was home over Sunday and has returned to his work. He has a fine position in a bank.

Clifton Chaney and his brother, Claveland, were in Breathitt and Perry counties several days last week, returning home Monday.

The teachers are employed the first Saturday in June now instead of the second Saturday as heretofore. All teachers take notice.

Mrs. Mary Faulkner visited at the old home place near Lombard last week. She will leave this week for a few days visit in Winchester.

Dr. Calvin Knox, of Filson, dropped dead last Saturday of heart trouble. He was buried Sunday in the family graveyard near Filson.

Mrs. Toby Anderson has been very sick for several days. There was born to them last week a ten pound boy. Dr. Lemming looked after its arrival.

The ladies of the Presbyterian

That a Democratic Judge, appointed by a Democratic Governor will try a contest case between a Democrat and a Republican and give the office to a Republican when the evidence warrants it, has been evidenced by the decision of Judge Camack, Democratic Judge of Owenton, when he decided in favor of E. C. Duff, Republican, over R. M. Baker, Democrat, for County Judge of Perry county.

We hope the Estill Sun will please copy and the Estill Republicans who pretended to think their cases were cut and dried before Democratic officials of the State, will study this case, and the real merits of their own case, without prejudice, and we think they will be milder in their criticisms of tribunals who try to honestly and conscientiously perform their duty when passing upon political contests, which is always a very unpleasant job.

Why is it that you always have a contempt for the fellow who catches more fish than you do?

church gave the church a thorough housecleaning last Friday. They worked hard and everything looks spick and span now.

The writer is short of news this week because of his being away so much and no one sending in any news. Please continue to send in your items of interest for the paper.

Mrs. Robert Blackburn has returned from Louisville where she went to see her son, Colson. He returned home with her for the summer. Colson has done good work this past year at the Military Institute he has been attending.

Quite a number from this place knew J. F. Martin, of Cat Creek, who died last Friday and was buried in the family graveyard on the creek. He was the father of our Jailer Martin and had been sick for several months of dropsy. Several from here attended the funeral.

Several from here heard with regret the suicide of Kelly Hoskins, of Jackson, last Sunday morning. He had been in ill health ever since he received his severe injuries from the falling off the bridge at Lost Creek in Breathitt county, and so drank carbolic acid. He left a host of friends.

Word comes from the Winchester Sun that Miss Labe Knox, of this place, who has been visiting at the home of Mr. Piersall of Winchester, was poisoned eating fruit salad. There were several others that were poisoned also, but all recovered. Miss Labe has returned home and looks as well as usual.

Mrs. Mary Atkinson is visiting at the home of her parents, Mr. and Mrs. Noble McDougal, at Bowen this week. Virgil is up at McRoberts looking for an opening for business. He has severed his connection with Morgan Lyle, Mr. Ross Hall having purchased his interest. The store is now under the name of Hall and Lyle.

The Democrats have been in power today just fifteen months and still none of the calamities predicted by the other side have come to pass. The farmer is getting more for the products of the land than ever and is buying such articles as sugar at a lower price than ever. Isn't Democracy a great thing for the farmers and laborers?

The Bull Moosers and Republicans are trying real hard to get together. While each side is anxious to compromise, they wish to do so on the flattering proposition that the other side acknowledge that they are wrong and accept the full terms of peace made by them.

The people of Spout Spring are getting a little restless about their bridge at the mouth of Lulbegrund creek, between the counties of Clark and Estill. They have raised to date on their bridge and road to Spout Spring a little more than \$1,700. The only delay now is in the Clark county authorities. The matter was brought up too late to give it consideration at the April term of the Fiscal Court, thus it will be delayed until after the October meeting of this Court, unless the Judge of that county deems it of sufficient importance to call a meeting of the Fiscal Court, which we are sure he would do if he knew the importance of prompt action. The bridge is needed most in the winter time, and delay until after October means that the bridge will not be built in time for use next winter.

Another very important reason why the bridge should be built at once is that the persons subscribing the money for Estill's use in this matter did so expecting to get the bridge by winter time and a delay of twelve months necessarily means the loss of more or less of the subscription money made up as none of the money subscribed is to be paid until the bridge is completed.

We do hope that Clark county's splendid Judge will see what great benefit it will be to the people of Spout Spring and Estill county to take immediate action and call a meeting of the Fiscal Court, if he deems this necessary, and help get the matter on foot and the bridge up for next winter's use. If he can see his way clear to do this, we are sure he will in this way oblige hundreds of people who so badly need this bridge.

Prohibitions favoring immediate elimination of the whiskey industry, and who claim they are moved purely by a desire for justice and moral advancement for humanity, show a sorry lack of humanity, show a sorry lack of justice and equity (and without these virtues one is surely immoral) because they would in one full swoop confiscate the property and rights of those who have millions of dollars invested in the liquor industry. There are many good men in that business solely for the profits to be had and not because they have criminal instincts. It is just as reasonable to blame the decent men in the trade with the evils following the abuse of liquor as it would be to condemn the entire ministry because one or comparatively few members of that profession commit heinous crimes. —Winchester Sun.

The whiskey people, as the Sun says, have the property. It should be remembered, however, that this property is totally worthless, and

its worthlessness was known to the owners when it was procured by the whiskey people. Now why should these holders of valuable(?) property be allowed to sell it to other people, when other people, like them, do not need it. In other words, why "Rob Peter to pay Paul"?

The property, in fact, is far worse than worthless. It robs poor people of food and clothing because father must buy the cursed stuff to prevent these millions of dollars from being lost from those who now hold a lot of worthless property. In the annihilation of the whiskey business there must be a monetary loss to those who have grown fat from the bare living of the poor. In this loss the poor families will gain a living and peaceful and happy homes instead. Isn't this more important? The gain of the poor in this will overbalance the loss of the whiskey rich ten fold.

Let the traffic stop instantly and the loss will fall just where it should fall. The losers will then be getting only a small taste of their own medicine. Though none of them will stare at the poverty that millions of others have had to do that they might be made rich.

Circuit Court is less than two weeks off. It is hoped that the grand jury-to-be will probe a little deeper into the bootlegging business that is evidently flourishing in some parts of the county. The greatest trouble in getting bootleggers has always been getting witnesses to tell the whole truth. The man who buys the liquor of course will want more, and if he indicts his favorite bootlegger, he will not be able to get it from him again. A little inquiry into the he swearing part of it would probably help the matter a little.

Up to this time Mr. Claude M. Thomas has not announced for Congress against Mr. Cantrill, the incumbent. If Mr. Thomas stands anything like as strong in the other counties of the district as he does in Powell, it would be a walk-over for him. The Times confidently believes he can poll

two-thirds the votes in this county, and we are anxious to demonstrate it. Come forward, Mr. Thomas, with your announcement at once, please.

Wonder what has become of the Mt. Sterling postoffice mud-dle? We have heard nothing from it for quite awhile. Have the authorities decided to let the Republican incumbent hold on rather than risk a decision in making a choice between the Democratic contestants?

A correspondent wants to know what animal can go longest without food. We don't know; but a Bull Moose can go years without pie.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

LINIMENT

A fine rain fell Monday afternoon, greatly relieving the serious drouth conditions threatening. Since the rain much cooler weather has prevailed.

Decoration Day was pretty generally observed in the city and surrounding country Saturday. Several from different points came in to decorate the graves in this vicinity.

Fred K. Blair, of Morehead, and a brother to Mrs. A. T. Whitt of this city, was one of the fifty-three students to graduate from the Medical Department of University of Louisville this week.

Dr. Martin and family Saturday attended the funeral and burial of J. F. Martin, Sr., and uncle of the Doctor. An account of the death of Mr. Martin appears in the Stanton News this week.

Among the appointments of Kentucky this week, we notice that Geo. W. Bush has been re-appointed postmaster at Vaughn's Mill; W. P. Wise at Union Hall, and Hood Wise at Sams, Estill county.

In crowding up matter last week by condensing almost to the limit; we got the article clipped from the Winchester Sun and our reply so mixed that no one could be expected to interpret its meaning, so we reproduce the article this week on another page.

Cures Stubborn, Itchy Skin Troubles

"I could scratch myself to pieces" is often heard from sufferers of eczema, netter, itch and similar skin eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the red, rough scaly, itching skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c at your druggist.

SPOUT SPRING.

Remember the regular meeting day services at the Baptist church Sunday morning.

W. L. Byrd, our cattle trader, attended the Madison county court at Richmond Monday.

'Squire Chas. Welch and family, of Vaughn's Mill, spent Sunday with 'Squire and Mrs. Shelt McKinney.

Mr. and Mrs. A. E. Sams and son, Allen, Jr., visited Mr. and Mrs. Lisle Fox near Winchester the first of the week.

Mr. and Mrs. Charlie Rupard, of Clark county, visited their kinspeople, Mr. and Mrs. Asa Barnett, a short while last week.

In the Sunday School here Sunday, H. F. Christopher was elected Superintendent, and A. E. Sams, A. J. Larrison and Mrs. Lloyd Todd teachers. The School meets each Sunday afternoon at 3 o'clock.

Gray's Branch.

Born on May 28th, to the wife of Cain Briscoe, another daughter—their fourth child.

Mrs. Millard Townsend, who has been seriously ill for some time, is no better at this writing.

Most of our folks were up at Gladly to church, Sunday. They report good services and a very pleasant time.

One of Jas. Spurlock's little girls—Maud—has been very sick for some days with a fever, and it was feared for awhile that she would not recover; but she has taken a turn for the better and may now be considered out of danger.

Bun Means and family have moved from Glencairn to Gray's Branch, coming in last Friday. Mrs. Means has been in quite feeble health for a year or more, and it is hoped that the change of place and water will be of lasting benefit to her.

The Ladies' Aid of the Methodist church will meet Wednesday p. m. at Mrs. Vollmer's. It is hoped all members will be present.

A spell of drought that was becoming somewhat serious, was broken into small pieces Monday by some welcomed showers. Our local weather prophet says the drought is going to be hard to keep down this summer. Hopé he will prove to be a false prophet.

Fungate & Co., of Virginia, have bought the steel on some eight miles of the old track of the Big Woods Lumber Co., and they are taking it up, to be shipped to Pilot Mountain in Tennessee. Messrs. Reynolds and Harris, of Virginia, are superintending the work.

Try This.

Sweet fern, which is so common on nearly all Kentucky farms, is an absolute preventative of mites and lice in poultry houses. Give the nests, roosts and floors or any other places where these pests are likely to appear, a good supply of sweet fern, either dry or green, and you will never find one of the chicken pests which are so troublesome to poultry raisers. The remedy is so simple and easy that it is worth a trial.

To The Farmers of Powell County:

Messrs. N. G. and A. C. Feathers, of the Old Virginia Nursery, are making a canvass of this county in the interest of this old reliable firm. It is their object to give every farmer in this county the privilege of purchasing the best grafted trees that ever grew, at popular prices. We have anything you want in the nursery line and we absolutely guarantee that our stock will be equal, if not superior, to any ever shipped to this county. We respectfully solicit your patronage.

Farm Drain Tile

Make Your Wet Land Productive.
By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

It Always Helps
says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.
I wish every suffering woman would give
CARDUI
The Woman's Tonic
a trial. I still use Cardui when I feel a little bad, and it always does me good."
Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.
